

EL SOL SCIENCE AND ARTS ACADEMY

Academic Performance Index (API)

California's academic accountability tool ranks schools from 0 – 1000. An API of 800 or above is the marker for a school whose students have met proficiency standards.

El Sol Science and Arts Academy of Santa Ana

*Supporting Health and Education Opportunities for Families
Mejorando las Oportunidades Educativas y los Servicios Médicos para las Familias*

MISSION STATEMENT

The Mission of the El Sol Family & Children Learning Center is to improve the overall health of the family, with “health” broadly defined to include physical, emotional, educational, economic and environmental health, so that El Sol parents may better support their children’s education.

Objectives-

One of the objectives of our center is to provide a supportive atmosphere where parents can seek help for the family. Our goal is to provide the parents with the tools to support their children in their educational endeavors by providing an environment where they feel comfortable and safe.

In April with the support of the Merage Foundation we opened our Family and Children Learning Center. Within two weeks we enrolled 106 El Sol families in the center. Latino Health Access and Americorps provided promotoras to support the families.

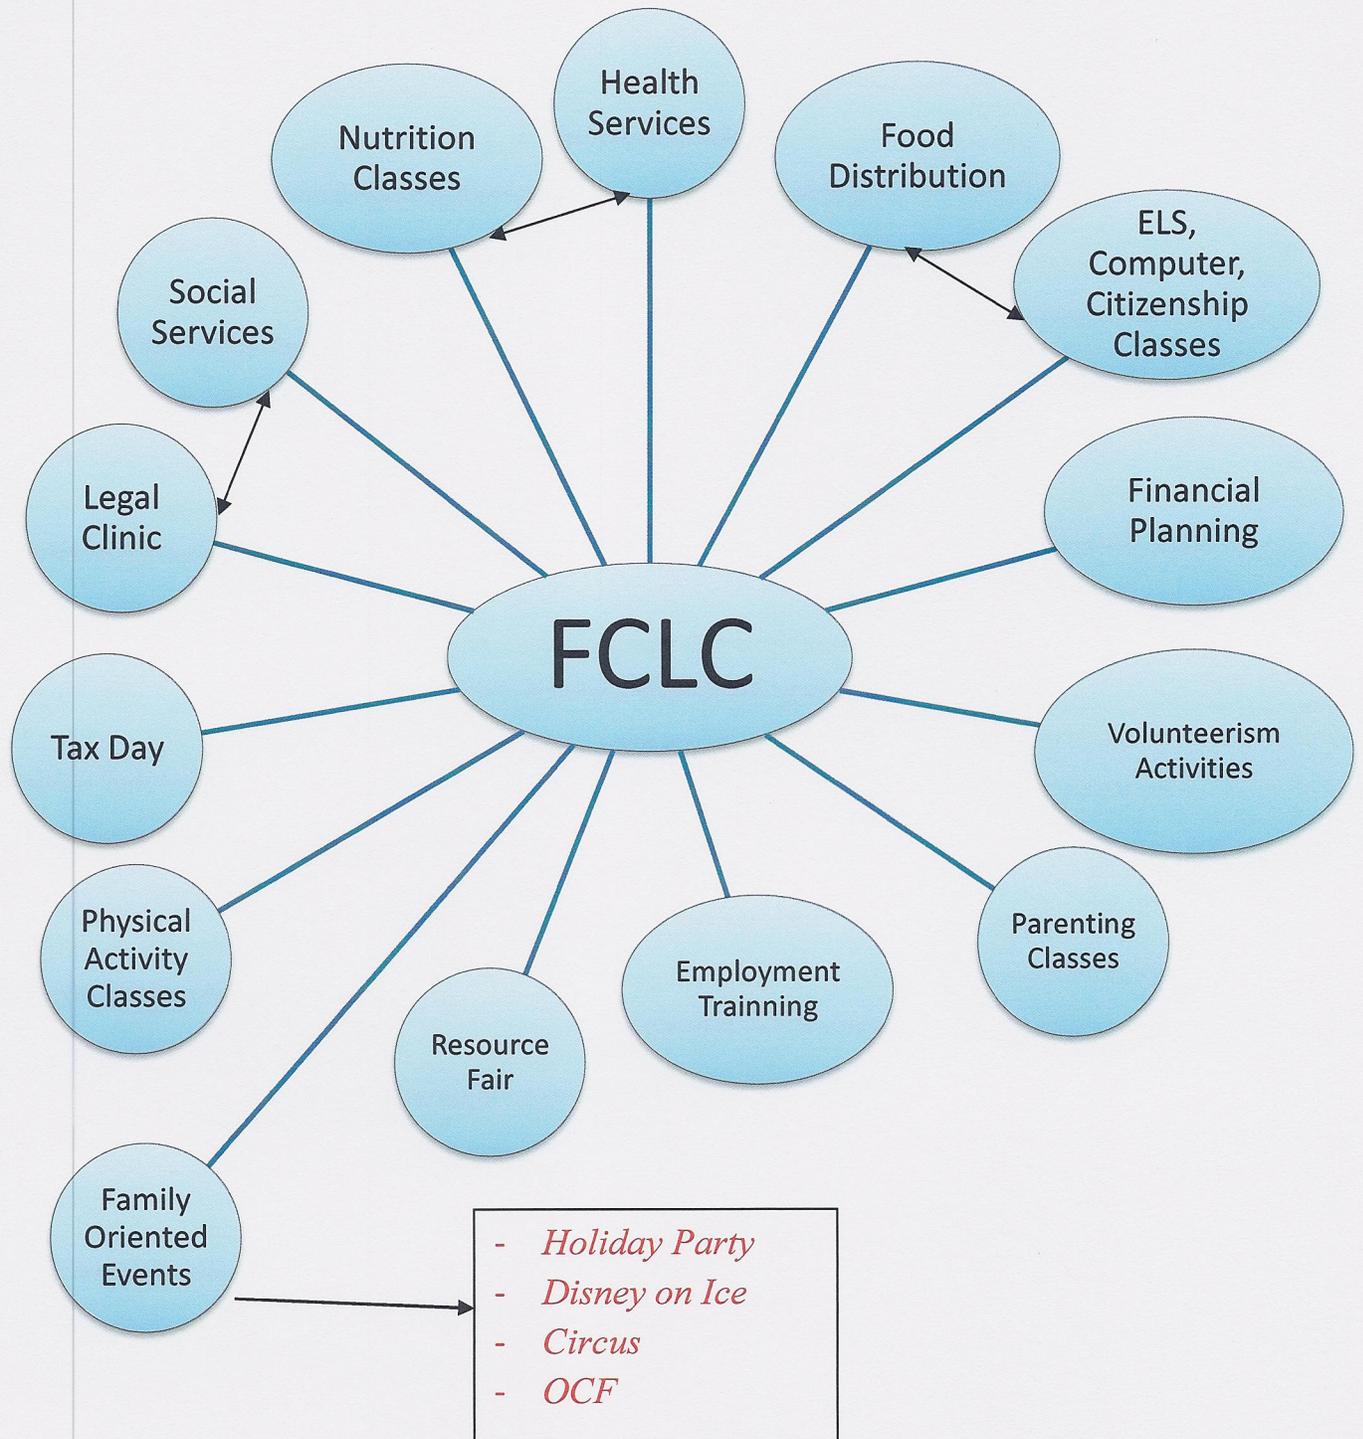

Total of Families Enrolled	181
Total of People served	552
El Sol Students	68.73%
Number of Single Parents	25
Total of People served	552
Average family size	4
# of Services Received Total	203

One of our major goals has been to improve the education of our parents. The most used service has been the ESL classes. ESL has been implemented since February. We also have offered employment training, nutrition, parenting classes, and others.
