Federal Funding Basics
Overview – Office of Innovation
Charter Schools Program
The Charter Schools Program began in the Office of Elementary and Secondary Education (OESE).

In 1995 the first SEA grant awards were made.

While grants could always be made to charter developers in States without a grant, the first specific non-SEA competition was run in 2002.

By 2003, the Office of Innovation and Improvement (OII) had been created. The Charter Schools Program was in Parental Options and Information (POI).

The first National Leadership grant was awarded in 2003; subsequent competitions occurred in 2006 and 2010.

In 2009 the Charter Schools Program became their own division.

CMO awards began in 2010.
Legislative purpose

Part B – Public Charter Schools:
Subpart 1 – Charter Schools Program

Section 5201: It is the purpose of this subpart to increase national understanding of the charter schools model by –

1) Providing financial assistance for the planning, program design, and initial implementation of charter schools;

2) Evaluating the effects of such schools, including the effects on students, student academic achievement, staff, and parents;

3) Expanding the number of high-quality charter schools available to students across the Nation; and

4) Encouraging the States to provide support to charter schools for facilities financing in an amount more nearly commensurate to the amount the States have typically provided for traditional public schools.
Mission

To support the creation, expansion, and improvement of high-quality charter schools across the nation.

Investing in Innovation (i3)

**Purpose:** to provide competitive grants to applicants with a record of improving student achievement and attainment in order to expand the implementation of, and investment in, innovative practices that are demonstrated to have an impact

- Improving student achievement or student growth, closing achievement gaps, decreasing dropout rates, increasing high school graduation rates
- Increasing college enrollment and completion rates.

**Eligible Applicants are:**

1. Local educational agencies (LEAs)
2. Non-profit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools

**Please note that the FY 2012 i3 grant competition is CLOSED**

- AppleTree Institute
Vision and Purpose: The vision of this program is that all children and youth growing up in Promise Neighborhoods have access to great schools and strong systems of family and community support that will prepare them to attain an excellent education and successfully transition to college and a career. The purpose of Promise Neighborhoods is to significantly improve the educational and developmental outcomes of children and youth in our most distressed communities, and to transform those communities by—

- Identifying and increasing the capacity of eligible organizations that are focused on achieving results for children and youth throughout an entire neighborhood;
- Building a complete continuum of cradle-through-college-to-career solutions of both educational programs and family and community supports, with great schools at the center;
- Integrating programs and breaking down agency “silos” so that solutions are implemented effectively and efficiently across agencies;
- Developing the local infrastructure of systems and resources needed to sustain and scale up proven, effective solutions across the broader region beyond the initial neighborhood; and
- Learning about the overall impact of the Promise Neighborhoods program and about the relationship between particular strategies in Promise Neighborhoods and student outcomes, including through a rigorous evaluation of the program.
Promise Neighborhoods: April 2012

Summary of FY12 Competition Design

- **Planning Grants:** Planning Grants would support eligible organizations that need to develop feasible plans to create a continuum of solutions with the potential to significantly improve the educational and developmental outcomes of children and youth in a neighborhood. These grants would support eligible organizations that demonstrate the need for implementation of a Promise Neighborhood strategy in the geographic areas they are targeting, a sound strategy for developing a feasible plan, and the capacity to develop the plan.

- **Implementation Grants:** Implementation Grants would support eligible organizations in carrying out their plans to create a continuum of solutions that will significantly improve the educational and developmental outcomes of children and youth in the target neighborhood. These grants would aid eligible organizations that have developed a plan that demonstrates: 1) the need for implementation of a Promise Neighborhood in the geographic area they are targeting; 2) a sound strategy; 3) and the capacity to implement the plan. Specifically, grantees would use implementation grant funds to develop the administrative capacity necessary to successfully implement a continuum of solutions, such as managing partnerships, integrating multiple funding sources, and supporting the data system.
Eligibility Requirements: Eligible organizations for both Promise Neighborhoods planning and implementation grants include: (1) nonprofit organizations, which may include faith-based nonprofit organizations; (2) institutions of higher education; and (3) Indian tribes.

Timing:
- Application available: April 20, 2012
- Application due date: July 27, 2012

The deadline for the Department to make awards is December 31, 2012.

Race to the Top District Competition

**DRAFT Requirements**

**Proposed Purpose:** With RTT-D the Department is inviting districts to show how they will improve teaching, learning and student supports and ensure each child masters college and career ready standards. In particular, the Department is interested in supporting districts that move beyond one-size-fits-all schools to personalized classroom level instruction that takes full advantage of the tools of the 21st century.

**Proposed Eligible Applicants:**
Individual local educational agencies (LEAs) *(This includes charter school LEAs and education service agencies (ESA) that the State recognizes as LEAs and meets the ESEA definition of LEA.)* and consortia of LEAs.

- LEAs may apply for all or a portion of their schools, for specific grades, or for subject area bands (e.g., lowest-performing schools, secondary schools, feeder pattern, middle school math, or preschool through third grade).
- LEAs may join a consortium that includes LEAs across one or more states.
- LEAs may only sign on to one Race to the Top District application.

**Proposed Eligibility Requirements:**
- Applicants must annually serve a minimum of 2,500 participating students with 40 percent or more qualifying for free or reduce price lunch
- A track record of commitment to the core education assurance areas –
  - The LEA has, at a minimum, designed and committed to implement no later than the 2014-15 school year—
    - A teacher evaluation system
    - A principal evaluation system
    - A LEA superintendent evaluation; and
    - A LEA school board evaluation
  - The LEA has a robust data system that has, at a minimum, --
    - An individual teacher identifier with a teacher-student match; and
    - The ability to match student level P-12 and higher education data.
- The LEA has policy and regulatory protections in place that ensure Family Educational Rights and Privacy Act (FERPA) compliant privacy and information protection while enabling access and use by stakeholders.

Teacher Incentive Fund (TIF)

**Purpose**
The purpose of the TIF program is to provide financial support to develop and implement sustainable performance-based compensation systems (PBCSs) for teachers, principals, and other personnel in high-need schools in order to increase educator effectiveness and student achievement in those schools.

**Goals**
- Improving student achievement by increasing teacher and principal effectiveness;
- Reforming teacher and principal compensation systems so that teachers and principals are rewarded for increases in student achievement;
- Increasing the number of effective teachers teaching poor, minority, and disadvantaged students in hard-to-staff subjects; and
- Creating sustainable performance-based compensation systems.

The Department is holding **two** separate competitions:
a General TIF Competition and a TIF Competition with a Focus on STEM.
Teacher Incentive Fund (TIF)

Eligible applicants include:

a) Local educational agencies (LEAs), including charter schools that are LEAs.
b) States (SEAs) that apply with one or more LEAs.
c) Non-profit organizations that apply in partnership with an LEA or an LEA and a State.

Next Steps: Applying and Other Supports
Establish a Timeline

• Recipe: 2/3 planning and 1/3 writing.
• Research program well in advance.
• Assess time available until deadline.
• Finalize any required partnerships.
• Complete all necessary registrations.
• Submit grant application 24 hours prior to deadline.
Writing the Proposal

• Select the individual or team to write the grant application.
  • Narrative, budget, evaluation, editor

• Leave time at the end for proofreading.

• Ensure that the application is “reviewer-friendly”.
Selection Criteria

- Common examples include:
  - Need for project
  - Project design
  - Project Services
  - Personnel
  - Project Evaluation
  - Budget
Need for Project

- Explain how community need ties into the grant program’s purpose.
- Use the most recent statistics.
- Compare target area to region and nation.
- Demonstrate through facts.
- Avoid jargon and rhetoric.
Project Design

• Design should meet the stated need.
• Reflect the life of the grant project.
• Demonstrate a well thought out plan.
  • Note studies and research findings.
• Detail recruitment of target populations.
• Build community partnerships.
• Develop contingency plans.
Project Services

• Incorporate proven methods.
• Tailor services to benefit your community.
• Vary methods of meeting the need.
• Emphasize individualized services.
• Cite examples of activities.
Project Personnel

• Provide detailed job descriptions.
  • Paid staff and volunteers

• Highlight qualifications of proposed staff.
  • Include resumes (if applicable)

• Demonstrate staff’s ability to relate to target population.

• Address staff’s professional development.

• Align salaries with time and effort.
Project Evaluation

• Are your goals and objectives measureable?
• Are your goals and objectives ambitious and attainable?
• What indicators will demonstrate progress?
• Are your goals and objectives clearly related to the intended outcomes of the project?
• Will they produce quantitative and qualitative data to the extent possible?
• What types of data will be collected, and how will it be analyzed?
• How will the applicant use the information collected?
Project Budget

• Budget for the life of the grant:
  • Adequate for all years of the grant
  • Allowable costs
  • Reasonable costs
  • Indirect Cost Rate Agreement
  • Administrative costs
  • Budget justification
  • Cost of living increases

• Address any matching requirements.
• Seek non-Federal support.
• Focus on sustainability.
Submitting the Application

• See application notice for submission details.
• Be aware of registration procedures and complete early.
• Allow time for application to be submitted.
• Be aware of the application deadline – including both date and time.
Grantee Responsibility

• Project success and financial accountability.
• Submission of annual and final performance reports.
  • Annual substantial progress met.
  • Recordkeeping and fiscal accountability.
• A-133 audit: if grantee expends $500,000 or more in Federal awards annually.

How Can I Find Money for Facilities?
Credit Enhancement for Charter School Facilities

This program provides grants to a public entity, a private, nonprofit entity, or a consortium of entities described above to permit them to enhance the credit of charter schools so that the charter schools can access private-sector and other non-Federal capital in order to acquire, construct, and renovate facilities at a reasonable cost.
Credit Enhancement for Charter School Facilities

Since June 6, 2002, the U.S. Department of Education has awarded 31 grants totaling approximately $231 million to 19 grant recipients.

The cumulative accomplishments of these grantees ending September 30, 2010, include:

- providing 379 charter schools, about 8 percent of charter schools nationwide, with access to financing to help them acquire, build, lease, or renovate school facilities; and
- supporting or enabling $2.26 billion in total financing for charter school facilities.
